

P-Pack Desktop units – Power & Data

Model shown P-Pack Desk 3/2S

- Power with Cat 6 couplers
- Master switch as standard
- Tough ABS extrusion
- 45° angled sockets
- Individually fused to BS6396:2008
- Conforms to BS1363 and BS5733
- Plug and Go for faster installation
- 500mm lead to 3 pole connector

The Power Pack Desktop utilises an ergonomic modern shape which has been designed to blend in seamlessly with other desktop items such as telephones, monitors, keyboards and laptops etc.

Power and Data to the desktop are not uncommon, but with this model Cat 6 couplers are used enabling the installer to control costs with the purchase of patch leads to suit the application, whether Voice, Cat 5e or Cat 6 data.

Manufactured from a tough ABS plastic extrusion, the same key components from the established and reliable P-Pack under desk product range are used on the desktop to maximise the system performance.
